Services Held For Ernest Vogelsang

Funeral services for Ernest (Andy) Vogelsaad were held Monday at 2:30 p. m. at Marek - Burns Funeral Home.

Rev. Eugene Strickland officiated with burial in Vogelsang cemetery. Vogelsang died in a local hospital Saturday at 7:20 p. m. He was born Jan. 28, 1879 in Austin County.

Volgelsang was a prominent cattleman and rancher, also until 1958 when his health prevented it, was an active officer in the First National Bank. He was a stockholder of the Texas State Bank and Trust since 1924 until 1928 when it merged with the First National Bank.

Following the death of H. M. Hedley, president of the bank, in 1946, Vogelsang held the office of president for a short time. He retained his desk at the bank although he was not an active officer.

Surviving are brothers, Will Vogelsang of Ben Arnold, Helmuth Vogelsang of San Antonio, sister, Mrs. P. L. Bergum of Ben Arnold, five nephews and three nieces.

Pallbearers were: Carl Black, Percy Gocca, Valter White, Wm. C. Wallace, Nelson Davis, Bill Crenan, John Batte and Ervin Wied.

Honorary pallbearers were Claude Akers, H. M. Akers, August Gurecky, Lester Williams, Buck Angell, Carl Gestinger, Dr. T. E. Crump, Arnold Winkleman, Dr. A. E. Kruse, Hugo Aigner, A. E. Schiller, Jim Majors and LaVert McKinney.

Leonard Wins NCO Award

P-Sgt. William K. Leonard of Cameron's Co. C, 3rd Med. Tank Bn., captured first place in the graduation of the latest Non - Commissioned Officers Class at Fort Polk.

Leonard had a 94.43 average in the Academy to take first among the 112 NCO graduates. This class was held only for the higher ranking NCO's.

He studied map reading, weapons instructor training, chemical, biological and radiological warfare leadership, tactics, physical training, dismounted drill and general subjects. The class was advanced level training.

Maj. Gen. Harley B. West, post commander, said that he had been told that this class had been more aggressive, had more esprit de corps and more into the course than any other class.

Leonard held positions of First Sergeant and Squad leader during his tour at the academy. He is a platoon sergeant in Co. C his regular unit.

When asked about the Academy, Leonard said it was very worthwhile and he learned a great deal. Discussing mutual problems with others and getting their ideas on the problems facing NCO's was most beneficial. He said that it would be hard to find a better group of men to work with and that it was through mutual effort that the entire class excelled.

Before his unit was called up, Leonard worked as a junior analyst at Alcoa for the past seven years. He is a 1954 graduate of Yoe High School and has been a platoon sergeant for three of his eight years in the National Guard.

Mrs. Herbert Nance, right and Peggy Schiller, Yoe High School senior, will leave Sunday to attend the second Texas Nuclear Science Symposium for High Schools at the University of Texas in Austin. The Symposium is sponsored by the University of Texas and Texas Atomic Energy Research Foundation.

YARBOROUGH, TURMAN CARRY COUNTY MARGIN

A light Milam second Democratic Primary vote went against the Texas trend for governor and lieutenant governor Saturday. A total of 3441 votes was cast.

But Cameron voters favored John Connally 439 to 349, joining the close state - wide margin for the former Secretary of the Navy, who faces Republican Jack Cox in the November General Election.

Don Yarborough drew 2046 votes to Connally's 1395 according to official Milam Democratic tallies, Chairman Max McClaren told The Herald.

Milam also favored James A. Turman over Preston Smith, 1952 to 1443 and gave Waggoner Carr a seven - vote edge over Tom Reavley 1697 to 1690.

POOL TOPS BEAN

In the Congressman - at - large race, conservative Joe Pool, of Dallas, drew a 1957 to 1405 margin over fiery Woodrow Wilson Bean, who lost by a wide margin across Texas.

And Milam voters favored John C. Phillips, 2003 to 1395, over Thos. C. Ferguson to go along with most veters in the Third Civil Appeals Court District centering in Austin.

A complete breakdown on how 38 Milam Precincts voted is in the box below.

The test of strength in Milam voting was between liberal and conservative candidates, generally billed that way across the rest of Texas. Traditional liberal voting in rural Milam County carried for Yarborough and Turman, but went for Carr and Pool in the other races. Pool was probably the most conservative candidate on the ballot.

SOUTH MILAM

South Milam voting carried the tide for Yarborough in the governor's runoff. Both Rockdale boxes, Thorndale, Milano and Gause favored the 36 - year - old Houston attorney.

Besides Cameron, Absentee voters, Burlington, Jones Prairie and Yarrelton favored Connally.

Voting followed similar patterns in the Turman - Smith and Pool-Bean races. Only in the attorney general's contest did the county-wide pattern change, favoring the conservative West Texan.

The Runoff vote was light, about 1100 votes under the first primary vote in Milam County. And the 4500 votes May 5 was another 1000 votes light because of limited local political races.

Monday Hearing To View Proposals For Salary Boosts

County commissioners are considering a 10 per cent pay increase for county and precinct elective officers.

A public hearing has been scheduled for 9 a. m. Monday, June 11 at Commissioners Court at Milam Courthouse to review a proposal to increase salaries of 19 county and precinct officials.

A resolution calling for the 10 per cent increase was adopted at a May 17 Commissioners meeting. A notice of the proposal was published in The Rockdale Reporter May 31.

Officers listed for increases include:

District clerk, County attorney, county judge, county clerk, sheriff, tax collector, county treasurer, County Commissioners of Precincts 1, 2, 3, and 4, and Constables of Precincts 1 through 8.

Donations Begin In Crash RC Drive

One Cameron drive worker had completed his calls and the Maysfield Community had exceeded it's $100 quota in the first days of a crash North Milam Red Cross Drive.

North Milam and Cameron are being asked to raise $3,100 to sustain the Red Cross program in this area, particularly the vital blood program.

Materials have been distributed to about 25 community leaders and workers in 11 North Milam communities and to 30 Lions and Rotary workers.

Forrest Sapp, Cameron Lions Club, had turned in $71 in pledges and contributions as first Cameron business community worker to complete his calls.

The civic club members were calling on business and individual contributors, seeking the 27 per cent pro rata share Red Cross has received from the North Milam United Fund in prior years.

Contacts with all residents of Cameron and vicinity were being planned to meet the June 15 deadline for the drive. The blood program, which provided 363 pints of blood to local hospitals last year, would be in danger of going under by July 1 if the drive is unsuccessful, Central Texas Red Cross spokesmen told County Red Cross leaders two weeks ago.

The North Milam area annually contributes about 180 to 225 pints of blood to the Red Cross bloodmobile. The $3100 goes for operating the bloodmobile, a Rockdale office for Red Cross and maintaining the County's part in a National Red Cross disaster fund, which meets emergencies such as Hurricane Carla.

Individual goals have been set for Cameron, the Cameron area and 11 communities in the area north of Little River. Goals are: Cameron special gifts, $1,350; Cameron area and residential, $650; Buckhoits, $250; Ad Hall, $100; Marak $50; Yarrelton, $50; Burlington $125; Ben Arnold, $125; Clarkson, $100; Maysfield, $100; Brancaville, 100; Salem, $100; and Baileyville, $50.

Thomas Wagner, Red Cross official from Marlin, met with Red Cross volunteer workers Friday at Milam Courthouse to outline the services and needs of Red Cross blood, disaster and Armed Forces Services. A check for $35 previously given the Red Cross by Southwest Bell Telephone Co., was officially presented at the meeting.

A thermometer was being prepared for placement on the Courthouse Square to show the results of the $3,100 drive. H. D. Maxwell, County chairman, said that contributions, may be turned in at his office to Mrs. Lillian Lester, drive treasurer.

North Milam drive workers are Marak, Mr. and Mrs. Frank Klecka; Buckholts, Mr. and Mrs. James Perry, Mr .and Mrs. Joe Glaser and the Rev. J. A. Pietsch; Ad Hall, Mr. and Mrs. Roy Hensley and Mr. and Mrs. Cornelius Titsworth; Salem, Mr. and Mrs. H. G. Chamberlain, Jerry Nabours and Mr. and Mrs. Eldon Batte

Also Maysfield, Mr. and Mrs. Vaughn Thweatt; Maysfield, Colored, Lillian M. Sadberry and Oscar Gentry; Branchville, Mr. and Mrs. Willis Looney; Branchville, colored Criss Wells; Ben Arnold, the Rev. William Wertze and Mrs. Buck Kosel; Burlington, Mr. and Mrs. Paul Olbrich and Mr. and Mrs. Leonard Pelzel.

50 Attend First Meet Here Tuesday

About 50 members of the Cameron Chamber of Commerce Tuesday night attended the first membership meeting of its kind and heard the manager of the Waco Chamber of Commerce

Paul S. Marable addressed the group at First Methodst Fellowship Hall, recommending that all people in Central Texas realize the need to adapt to the needs of the 1960's.

He congratulated Chamber officials for the successful membership drive last week which brought in 49 new members in one day.

WW Queen Contest Set For July 7

Cameron's annual Western Week will be three days July 5-6-7 and will highlight a queen's contest for the Saturday event.

Buddy Shipp, chairman of the Chamber queen contest, said each civic club is invited to sponsor a girl as well as individual sponsorship for entries.

Rules of the contest are:

Candidate must be 16, single resident of the Cameron School District, and available for July 7 Horse Show parade and queen judging contest this morning.

Entry deadline is midnight, July 1.

Services Held For W. M. Sweet

W. M. Sweet, 69, died at his home in Ben Arnold Thursday at 12:15 p. m. He was born August 22, 1892 in Lometa and had lived in Ben Arnold for the past 35 years. He was a retired farmer.

Funeral services were held Saturday 3 p. m. at Marek - Burns Funeral home. Rev. Harrison McLerran and Pete Miller officiated with burial in Ben Arnold Cemetery

Surviving are three sons A. G. Sweet of Fredrick, Okla. Van Sweet of Stockton California and Buster Sweet of Hearne; three daughters, Mrs. A. T. Swanzy and Mrs. Leland Burnett both of Ben Arnold and Mrs. Roy E. Garrett of Victoria; one brother, Albert Sweet of Lampasses, three sisters, Mrs. Jake Murphee of Dallas, Mrs. Bud Reed of Lometa and Mrs. Annie Arms of Austin and 19 grandchildren.

Pallbearers were Wayne Wieser, Valter White, Grady Allen, Leroy Folschinsky, Carl Black, Giles Burnett. Honorary pallbearers were Robert Jones, Willie Boecher, Will Vaughn, Guy Chandler, Will Knuppel and Smith Barrett.

Services Held For Mrs. Humble's Dad

Dellie Ware Maedgen, 75, of Troy, died in a Temple hospital Saturday from injuries suffered in a truck accident Wednesday.

Maedgen is the father of Mrs. Don Humble of Cameron. He suffered head and internal injuries when his pickup truck collided with a State Highway Department truck about five miles east of Troy on FM 935.

He was a native of Troy and had made his home there all his life. He was married to Miss Annie Crawford in Troy in 1913. He was a farmer until his retirement in 1954.

Survivors are his wife; three daughters Mrs. Louise Cormany of Troy, Mrs. Dorothy Griffiths of Austin and Mrs. Humble; a sister, Mrs. Lee Gilbert of Troy; a brother, E. E. Maedgen of Troy and five grandchildren.

Funeral services were held 3:30 p. m. Sunday at the Hewett Funeral Home with Rev. J. W. Gill officiating and assisted by Rev. Marshall Edwards. Burial was in Roberts Cemetery.

Hospital To Open To Public Sunday

When the new Newton Memorial Hispital goes into operation following its dedication ceremonies and open house 3-6 p. m. Sunday, it will be one of the most ultra-modern hospitals in Texas.

Everything about the $300,000 brick structure with its long modern lines is brand - new. That includes not only the building itself. All of the equipment, the various instruments and machines in the operation rooms and the furnishings throughout the building are new and modern.

The impression of newness strikes a visitor when he approaches the hospital entrance with its big glass doors. And it continues inside the lobby and waiting room with the adjoining business office and nurses' station. There is fluorescent lighting, air - conditioning, and colorful modern and comfortable chairs and lounges are placed around the room.

An inspection of the operating room, labor room and emergency room shows they have all new and modern equipment.

Probably the most interesting from a patient's standpoint, however, are the private rooms and wards. These occupy the north, east and west wing of the building, and their furnishings - like everything else - are new and modern

Walls are in pastel shades of blue, green, sand and white Window drapes and bedspreads match. All are outside rooms and it is only necessary to draw the drapes for a patient to have an outside view.

All rooms are equipped with television. The TV sets are placed high on the wall opposite the bed for comfortable viewing by the patient. Also there are reading lamps on the wall above the bed and an outlet for piped-in oxygen, an individual air - conditioning control, an inter - com system and a buzzer to call a nurse.

And there is a small writing desk and overstuffed chairs.

Council Hears Progress Notes

The City Council Tuesday heard reports from water and street departments who listed several projects completed or underway.

Public Works Supt. J. B. Earle reported that grading and cleaning of ditches in West Cameron is underway and that eradication of weeds at intersections and vacant lots is continuing

He noted completion of several estimates for double penetration paving work throughout the city and completion of College Avenue work from W. Main St. to W. Batte St.

Negotiations are underway for the purchase of a used nine-wheel roller for the city's paving program, he noted

Water Supt. Alvin Hefft reported that 1100 feet of six - inch pipe has been layed on County Line Road and that the sewer lift station on North Crockett is ready to go into operation.

Hefft also, noted that work on installing a six - inch sewerline is begiining at E. 17th St. and Golf Links Ave. He also estimated cost on a six - inch water - line and hydrant for 18th and North Fannin at $1660.

In other action, the Council asked that letters of intent be signed for paving co - operation on W. First St.

And the 1962 - 63 Equalization Board reported that net valuations increased by $21,538.58 with 93 property listings increased, 71 decreased and five removed from tax rolls.

Epperson Services Held Here Tuesday

Funeral services for Roy Epperson, 66, of Austin were held 2 p. m. Tuesday at Green Funeral Home.

Epperson, formerly of Cameron, died unexpectedly at his home in Austin Sunday night. The Rev. J. B. Dobbins, Temple Episcopal minister, officiated. Burial was in Oak Hill Cemetery.

He was employed by Texas Employment Commission in Austin for the past 25 years. He had attended schools in Cameron. He was a veteran of World War I and a member of the Masonic Lodge. His father was the late Dr. A. S. Epperson of Cameron.

Surviving are his wife and two brothers, L. J. Epperson of Tyler and Bentley Epperson of Nederland.

It Isn't So!

Banker's Home Not For Sale

Citizens National Bank President Oxsheer Smith's home is not for sale -- even if there was a For Sale sign displayed on the lawn for a while last week.

The sign, in bright red, and placed there by parties unknown, bore the name of a Cameron real estate man, Jack Tumlinson, his phone number and FOR SALE in large letters.

Passersby glanced at it -- then took a second look to be sure they had seen it right the first time.

Shortly afterward the phone in the Smith residence began to ring. The housekeeper answered. She told the first inquirer she didn't know about Smith's business, but she didn't think the house was for sale, and asked where did he get the idea it was

The caller suggested she look out front.

The phone continued to ring. One caller said he might be interested in buying if Mr. Smith didn't want more than a certain amount, naming an absurdly low figure.

When Mr. Smith returned home, he viewed the sign and called Tumlinson. He got Mrs. Tumlinson instead. She came out and removed the sign and expressed her regrets.

Mr. Smith wasn't inclined to take the whole thing very seriously.

"Boys will be boys," was his comment.

Conference Set For Poultrymen

By J. D. Moore
Milam County Agent

The annual Poultry Conference is scheduled for Texas A & M's Memorial Student Center, June 13-14. Ben Wormeli, extension poultry husbandman, said the conference is designed to aid commercial producers, hatcherymen, breeders, hatchery and feed servicemen and related poultry industry personnel. It is sponsored by the Department of Poultry Science.

The program for the 1962 conference places major emphasis on the breeding, health, feeding and management factors that provide for the maximum returns from egg and meat production.

OUTLOOK FOR EGGS

The South Central States, including Texas, produced 7 percent more eggs in March 1962 than in the same month of 1961. During the period January through March, these states produced 5 per cent more eggs than in the same period last year.

In reporting these figures, Marshall Miller, associate extension poultry marketing specialist, points out that while production in this area showed an increase, the national average production remained virtually the same.

Although Texas is included in the South Central production area, Texas producers showed a March 1962 production increase of 2 percent over March 1961. But for the first three months of 1962, they produced about the same as in 1961.

Considering the larger proportion of pullets in the current laying flock as well as the continuing advances in technology, egg production per layer may recover to 1961 levels, says Miller. Over the next several months, the seasonal decline in the number of layers is not expected to be as sharp as last year. Egg production has reached its seasonal high and should begin to decline in a few weeks. It will likely continue above a year earlier until the latter part of 1962 however.

A higher egg production and a weaker storage demand in the second quarter of this year are likely to keep egg prices below those of the same quarter in 1961. Due to the reduced numbers of egg - type chicks hatched during January - March 1962 as compared to 1961, we may have an upward trend in prices during the third or fourth quarter of this year, especially if this downward trend continues in the second quarter. This price improvement could develop if producers cull heavier than usual during the summer and early fall months primarily because of the present low prices.

COTTON INSECTS

The cotton flea hopper is invading fields and will be the major insect to control during the early fruiting of the cotton plants. A flea dosage of insecticide should be applied this week with no exceptions. If rains continue, an airplane may be used. Any of the recommended poison mixtures will control the flea hoppers if applied in the proper dosage. Due to rapid plant growth, a 6-day schedule should be followed until a crop is set.

Next in order of importance will be the migration of the boll weevils. The proper control of the fleas will tend to reduce the boll weevil poulation. Boll weevil migration will occur during the last half of June. Square counts are our best guide to follow in checking the rate of infestation of weevils. When square counts indicate an increase in weevil infestation, a 3 to 5 day schedule is recommended.

Milk Played Top Roll In History

COLLEGE STATION — The story of milk goes back to the beginning of civilization. Prehistoric drawing unearthed in the Sahara Desert and dating back 8,000 or more years, feature picture - stories of cattle. A 5,000 year - old mosaic frieze, found in an ancient temple near Babylon, depicts a dairy scene showing milk containers and strainers.

Down through the years, emphasizes A. M. Meekma, extension dairy specialist, milk has continued to be a food of primary importance in the diet. The bible makes reference to milk and even describes the promised land as one of "milk and honey". Marco Polo noted in his early travels that the Tartars credited much of their strength and endurance to milk.

The history of dairying in America pre - dates that of the United States as a nation. Meekma points out that the first dairy cows landed at Jamestown in 1611 and helped bring an end to a terrifying period of starvation. Still later, as the pioneers moved westward nearly every covered wagon was accompanied by a cow, literally, the family's "Food Factory" on the move.

For many years now, June has been observed as Dairy Month. Meekma says it's the time of the year when the naton recognizes the vital contributions the dairy industry makes to the nation's economy. And it is also, he adds, the month when the industry goes all - out to tell its story and encourage greater use of its products.

Marak Church To Give Study Course

The St. Cyril and Methodius Church will sponsor a three-week course of Catechism instructions June 4 to 24, according to the Rev. Rafael Gerskovich, pastor of the Marak Catholic Church.

Sisters of the Congregation of the Word Incarnate, of Victoria, will conduct a junior first Communion class and a senior class. All parish children of grammar school age are expected to attend.

Milam ASCS Report

Proclamations relating to marketing quotas and acreage allotments for the 1963 crop of wheat have been temporarily postponed, according to an announcement by Secretary of Agriculture Orville L. Freeman.

The postponement was authorized by legislation recently enacted by Congress which permits the Secretary of Agriculture to defer until June 15, 1962, any proclamation as to marketing quotas and acreage allotments for the 1963 wheat crop which otherwise would be required to be made by May 15.

Alva E. Sanders, office manager of the Milam County Agricultural Stabilization and Conservation Service, reminds wheat growers that the wheat stabalization program provided under legislation enacted last year applies only to the 1962 crop of wheat. Under that program, individual farm wheat allotments were reduced 10 per cent below what they would have been under a minimum national acreage allotment of 55 milion acres and diversion payments were available to those producers who shifted wheat acreage to a conservation use. Wheat price support was available only to those wheat producers who participated in the Wheat Stabilization Program and who stayed within their farm allotments.

The office manager emphasized that the legislation governing the 1962 wheat program also increased the marketing quota penalty rate as well as the amount of wheat subjected to penalty, and extended the quota program to many small farms which were previously exempt from quotas. The mar-

1962 "excess" wheat has recently been announced at $1.59 a bushel, compared with a 1961 - crop penalty rate of $1.08 a bushel.

Sanders urged wheat growers who are not clear about the wheat quota provisions to check with the ASCS County Office for full in-

COTTON REPORT

Cotton crop prospects throughout the Area ranged from fair to very good. High winds sapped surface moisture and dryland crops began to suffer. Thunder storms were occurring in many sections, accompanied by high winds and hail causing considerable crop and property damage. The central, North and East Texas crop was in good condition. Plant growth was slow due to lack of surface moisture; however good tap roots were being formed. Monday night rains from 1 to 2 inches were reported which will be very beneficial. In the Abilene area 70 percent of the crop was planted and around 60 percent up to a good stand. Fields were clean. Moisture was needed in most sections. In the Lubbock area 25 percent of the dryland acreage remained too dry to plant. Hail and blowing sand will cause some replanting. No appreciable amount of moisture was reported. Practically all of the irrigated crop was up. Some stands are skippy and recent hailed and blown out acreage will have to be replanted.

Give Now . . . Give Cameron and Milam Lives

The North Milam and Cameron area has been challenged to raise $3,100 by July 1 to protect the Blood Program that last year brought 363 pints of blood to Cameron hospitals.

Drive workers are appealing to every community in the North Milam area, including: Buckholts, Burlington, Ad Hall, Clarkson, Branchville, Marak, Yarrellton, Baileyville, Maysfield and other rural centers.

Workers are calling on Cameron businesses, appealing for 27 to 30 per cent of previous annual United Fund pledges for the special Red Cross drive. A minimum of 27 per cent of the North Milam Fund, now defunct, has been prorated to the Red Cross in prior years. Additional appeals will be made to all Cameron residents to contribute to the crash Red Cross drive.

The blood program, developed through the Red Cross bloodmobile, has had successful support from Cameron area donors. Part of the Red Cross funds are used to bring the bloodmobile to Cameron, administrate the distribution and gathering of blood here.

The Red Cross also uses these funds to maintain a chapter office in Rockdale, provide for emergency furlough service for Armed Forces personnel from Milam County and many other services. Money going to the National program is used primarily for a $20,000,000 disaster relief fund to aid in such national tragedies as Hurricane Carla.

The bloodmobile visits Cameron twice one year and three times the alternate year. Last year Cameron donors gave about 180 pints of blood, but Cameron hospitals still drew some 183 additional pints for patients and accident victims in the North Milam area. Only cost involved in drawing Blood Bank blood is the usual hospital administrative cost for giving it to the recipient.

If the additional amount of blood would have been bought in the Cameron hospitals, it would have cost about $3500 to $4000 to the patients. In some cases patients use many pints of blood, hospital officials note.

These facts make the advantage of Red Cross service and its blood program not just a "nice" service for North Milam Countians, but necessary, life - giving service.

We could do without it, but it would work hardship on those who benefit most, the sick and maimed of this area. Hospital officials and doctors emphasize the difficulty in finding individual donors who can match the type of blood needed and be available to give it.

This area has two weeks to show its understanding of these vital services. All it amounts to is little more than 30 cents per capita.

We feel confident that Cameron and North Milam County will meet the challenge. This area has. It will again.

Waco Firm Bids On Milam Repair Work

FORT WORTH — Boyd Callam Sons of Waco was the apparent low bidder today with a bid of $17,820 for levee repair work in the Hefley Levee Improvement District of Milam County, at a bid opening held by the U. S. Army Corps of Engineers, Fort Worth District, according to Col. R. P. West, District Engineer.

The work involves repair of nine breaks in the levee, requiring the removal of about 3,000 cubic yards of earth and placement of approximately 30,000 cubic yards of compacted fill.

Three bids were received. The government estimate of the work was $18,090.

2.3 Miles Road Set For Milm County

A contract for 2.3 miles of construction on FM 485 in Milam County has been awarded to a Temple firm, it was announced in Austin this week by State High way Commission.

D. H. Buchanan Construction Company submitted the low bid of $57,380 on the project. Grading, structures, base and surfacing from U. S. 190 in Buckholts south 2.3 miles is expected to take 75 working days, according to C. B. Thames District Highway Engineer at Bryan.

Carol D. Zeigler, Resident Engineer at Hearne will be in active charge of the project while it is under construction.

FLY CENTER

Dedication of the new sterile fly production center at Mission is scheduled for June 16. The facilities are designed to provide up to 75 million sterile screwworm flies per week for use in the Southwestern Screwworm Eradication program.

Well-Drillings Head News List

By Vern Sanford

AUSTIN — Crooked - hole well drilling is the big news at the Capitol.

More than $3,000,000 in penalties is asked by Atty. Gen. Will Wilson in the first suit brought by the state following "crooked-hole" investigations in the East Texas Oil Field. Suit contends that six oil wells were drilled in such a direction that they wound up under someone else's land.

Operators plugged two of them before Texas Railroad Commissioner engineers could check to see if the holes were straight or crooked.

Suit asked $1,000 a day for each day of operation of each well. Over a two - year period, this comes to $3,442,000.

Commission engineers plan to check more than 1,000 wells.

Humble Oil and Refining Company brought a civil suit against another group of oil operators. Humble says that the operators' crooked wells ended under an Humble lease and have been draining off Humble's oil.

SAFETY IN AGE

If you live to be 100, you'll be safe from death by accidents.

State Health Department statisticions reveal that not a single Texan over 100 years of age died in an accident in 1960.

Statistics also reveal that there's something to what they say about Texas weather. Deaths from extreme heat and from freezing both were reported during the year.

Biggest killer of all age groups, except those under one and over 75, is the highway accident.

In the home, fire and explosion are the biggest killers. Falls are in third place.

Home ranks next to the highway as the scene of most accidental deaths.

MENTAL PATIENT CLINIC

Board for State Hospitals and Special Schools is expected to act within the next week or two on whether to select a site in the Lower Rio Grande Valley or in the Beaumont area for an outpatient clinic for discharged mental patients.

Dr. C. J. Ruilman, state director of mental health and hospitals, said the Board already had chosen the Fort Worth area for one of the two clinics authorized by the last Legislature.

"Second will be established in South Texas," he added. Sites are eing considered at Beaumont and Brownsville - Harlingen.

Such clinics now are operating in Houston, San Antonio and Dallas.

PARK PATRONAGE GAINS

State Parks system is showing substantial gains in patronage as compared with last year.

Bill M. Collins, executive director for the Parks Board, said that increases in the number of visitors particularly were noticeable at Garner State Park in Southwest Texas, Lake Corpus Christi Park, Palo Duro Canyon Park in the Panhandle, Bentsen Park on the Rio Grande border, and Kerrville and Buescher parks.

Total visitors in April, latest figures available were 681, 871, compared with 590,133 in the same month a year ago.

DOVE HUNTING SEASON

Texas will have representatives at the national dove conference in Washington on June 26 when length and dates of the 1962 hunting seasons will be discussed.

H. D. Dodgen, executive secretary of the State Game and Fish Commission, reports the outlook favorable for a good dove crop in Texas -- both mourning and white-wing doves.

DAIRY MONTH

June is Dairy Month. Today's dairy herds barely resemble the cattle of the pioneers. They are much more efficient producers and of course are more scientifically cared for, says A. M. Meekma, extension dairy specialist. The dairy industry, he adds, is as modern as any in America. The processing and distribution of milk have changed equally as much as the dairy cow.

The Old Philosopher

Philosopher Claims Farmers Can Stand Stock Market Fluctuations Better Than Tycoons

Dear editar:

I know farmers aren't supposed to be as, well, let's say, mentally alert as big business men, they'r supposed to use brawn more than brain, but sometimes I wonder.

For instance, when the stock market took a nose - dive recently what happened? Why, big business men all over the country began shuddering, members of the Stock Exchange got jittery, the newspapers were full of expert advice and explanations and people began wondering if the bottom was going to fall out of things. Is this another 1929? they asked.

Some people with stocks even became a little panicky, and the more worried they got the more they sold. "Why, just think" one man cmoplained, "yesterday my stock was worth $70 a share. Now it's worth $40." He was plenty worried.

But here's the point. Every time somebody sold a stock, somebody else bought it, and after it was all over the stocks apparently climbed back up to about where they were before. People were kicking themselves at first for not selling sooner, then kicking themselves for having sold.

Business people ought to associate with farmers more and they's come to learn how to be calm under such situations. It happens all the time in farming. Many's the time I've had a crop in the field I figured was worth so much money, only to find out when I hauled it to market it was worth 30 percent less. Every farmer know what it is to have a steer worth $100 today and $70 tomorrow.

If farmers got panicky under such a situation, they'd stay that way most of the time. Wild fluctuations in the stock market may run big business men berserk, but fluctuations in the farm prices are as ordinary to a farmer as dry weather when he needs a rain and rainy weather when he needs sunshine.

On top of this, most of the losers in the stock market are paper losses, a stock will keep, it's not like a hog that's ready for market. In farming, the losses aren't paper losses. This doesn't necessarily prove that farmers are smarter. They just don't scare so easy.

Yuors faithfully,
J. A.

Contract For FM 486 Let To Temple Firm

A contract for 11.9 miles of construction on FM 486 in Milam County has been awarded to a Temple firm it was announced in usAtin this week by the State High way Commission.

D. H. Buchanan Construction Company submitted the low bid of $48,059 on the project. Recondition base and surfacing from U. S. 79 in Thorndale to FM 487 is expected to take 50 working days, according to C. B. Thames District Highway Engineer at Bryan.

Carol D. Zeigler, Resident Engineer at Hearne will be in active charge of the project while it is under construction.

COOKED A FINE MEAL, THREW IT TO DOGS

A lady said she used to throw her own dinner to the dog most of the time. It made her sick just to look at food. She was bloated with gas and constipated. Finally she got V.I.H. and says she now eats everything in sight and feels like "some other woman."

V.I.H. is a new, scientific formula. It is taken before meals and works with your food. It not only relieves gas; it also gives the bowels a great cleansing; it brings out impurities that cause headache, foul breath, coated tongue and worn out feeling. Miserable people soon feel better all over. So don't go on suffering! Get V.I.H. at all leading Drug Stores.

PLAY TIME AT VACATION BIBLE SCHOOL

Yes, there's "a time for all things". "All work and no play" at VACATION BIBLE SCHOOL would reduce the value of these precious hours. Even in play, we may learn to "work together"—learn the "team spirit". How important for all of life that this lesson be learned; and the earlier, the better.

[illegible] during these weeks of happy pursuit. In fact, there's opportunity for boys and girls during this brief time to learn more of the Bible and the life it teaches than during the whole year of Sunday school hours! So, parents, let's not allow *anything* to hinder the boys and girls from attending *every day!*

How grateful, too, we all will be to faithful faculty members for the *hard work* they will do in the interest of the children. A salute to them!

Above all, let us be grateful to God that in *America,* there is freedom to study the Bible, freedom to worship, and freedom to live for Him!
